This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFATORY NOTE

It has been said repeatedly that the sugar question *is* the economic question; and certainly the economic aspect of no other commodity presents so many interesting phases. For instance, the enormous growth of the beet sugar industry in Germany, with its widespread influence, under economic conditions largely created by legislative enactment and government control, is worthy of careful study by legislators as well as economists.

It is the purpose of this list to indicate the material in the Library of Congress treating of this commodity. To those who are familiar with the subject it will be at once apparent that but a small part of the extant literature has been included. The collection in the Library of Congress, however, is so much larger than the collections to be found in most other American libraries that it is hoped the list will serve as a guide to the study of the subject, at least in America.

Emphasis has been placed on the economic side. It seemed desirable, however, to include writings on the culture and growth of sugar-producing plants, and on the chemistry and technology of sugar. These three divisions of the subject have pointed the way to the most natural arrangement of the material under three main headings: General and Economic, Agriculture, Chemistry and Manufacture; and in order to round out the list on the technical side a few of the more important German works not in the Library of Congress have been included. These and a few others not in the Library of Congress have been indicated by *. The more important government publications of Great Britain and the United States have been given separate sections, while the articles in consular reports and periodicals have been arranged chronologically.

Aulnis de Bourouill, [Johan] *baron* d'. Les primes à l'exportation du sucre; exposé de leurs différentes formes, de leur mode d'évaluation et de leur influence sur les prix du marché intérieur et extérieur, suivi de quelques considérations au sujet de leur suppression.

La Haye: Belinfante frères, 1899. ix, 112 pp. 8°.

TABLE DES MATIÈRES

Préface. Introduction: 1. En principe les primes de sortie sont unanimement condamnées. Réserve faite par la France à la Conférence de Bruxelles. 2. L'agitation coloniale en Angleterre. 3. Les droits compensateurs dans les États-Unis d'Amérique. 4. Résultats de la Conférence de Bruxelles.

Chapitre 1. La prime indirecte. 2. La prime directe à l'exportation. 3. La prime directe à la production. 4. Les détaxes de distance en France. 5. Limitation des primes directes à des sacrifices fixés d'avance par le trésor. 1. Calcul de la prime totale de sortie en France pour la campagne 1898–1899, et comparaison avec le droit compensateur des États-Unis d'Amérique. 2. En Allemagne. 3. En Autriche-Hongrie. 4. Dans les Pays-Bas. Leur prime effective. Comparaison avec le droit compensateur des États-Unis. Chapitre 6. La législation sucrière en Russie et la prime de sortie à laquelle elle donne lieu. Calcul de la prime russe pour la campagne de 1898–1899; comparaison avec le droit compensateur des États-Unis. Chapitre 7. Les droits compensateurs dans les États-Unis de l'Amérique du Nord. 1. La loi Dingley du 24 juillet 1897. 2. Effets du tarif américain sur le commerce mondial du sucre. Statistique des importations en Amérique. Le sucre de betterave cherche à remplacer le sucre de canne. 3. Mouvement des prix des deux sucres rivaux. Chapitre 7. Considérations au sujet de la suppression des primes. Annexes: 1. Propositions de transaction formulées à la Conférence internationale de Bruxelles. 2. Tarif des droits compensateurs américains.

Bass, William Louis. Cuba and sugar; light-colored vs. dark-colored; are the Cubans to be allowed to import into the United States a high-grade unrefined light-colored sugar, upon the payment of an import duty of $1.65 or $1.75 (per 100 lbs.), or is the no. 16 Dutch-standard of color clause to remain in the law? Or are the Cubans to be allowed to sell to the American consumers, or must they sell only to the sugar trust?

Sugar: a handbook for planters and refiners; being a comprehensive treatise on the culture of sugar-yielding plants, and the manufacture, refining, and analysis of cane, beet, palm, maple, melon, sorghum, milk, and starch sugars; with copious statistics on their production and commerce, and a chapter on the distillation of rum. By Charles G. Warnford Lock, Benjamin E. R. Newlands, and John A. R. Newlands.

London, New York: E. & F. N. Spon, 1888. xxiii, (1), 920 pp. Illustrations. Plates. Diagrams. 8°.

An enlarged edition of "Sugar growing and refining," 1882; the chapters by Wigner and Harland in the 1882 ed. have been entirely rewritten for the present edition.

"Literature of sugar": pp. xvii–xxiii.

[**McCulloh,** Richard Sears] Reply to the review by Mr. Avequin, of New Orleans, of M'Culloh's report on sugar. Pub. in De Bow's commercial review.

Philadelphia: C. Sherman, printer, 1848. 41 pp. 8°.

——— Report of the Secretary of the Treasury, communicating a report of scientific investigations relative to the chemical nature of saccharine substances, and the art of manufacturing sugar; made, under the direction of Professor A. D. Bache, by Professor R. S. McCulloh [Feb. 24, 1847].

[*Washington: Ritchie & Heiss, printers, 1847.*] *212 pp. 7 fold. pl. 8°.* [*29th Cong., 2d sess. Senate. Doc. 209.*]

Caption title.

Pub. also in Reports from the Secretary of the Treasury, of scientific investigations in relation to sugar and hydrometers . . . by Professor R. S. McCulloh. Rev. ed. . . . Washington, 1848. (30th Cong., 1st sess. Senate. Ex. doc. no. 50.)

——— Reports from the Secretary of the Treasury, of scientific investigations in relation to sugar and hydrometers, made under the superintendence of Professor A. D. Bache, by Professor R. S. McCulloh. Rev. ed., by order of the Senate.

Washington: Wendell and Van Benthuysen, printers, 1848. viii, 653 pp. Tables. Plates. Diagrams. 8°.

Includes Reports of Feb. 18, 1845; July 20, 1846; Feb. 24, 1847; May 26, 1848.

Newlands, John A. R. Sugar: a handbook for planters and refiners, being a comprehensive treatise on the culture of sugar-yeilding plants, and the manufacture, refining, and analysis of cane, beet, palm, maple, melon, sorghum, and starch sugars; with copious statistics of their production and commerce, and a chapter on the distillation of rum. By the late John A. R. Newlands and Benjamin E. R. Newlands.

London: E. & F. N. Spon, limited; New York: Spon & Chamberlain, 1909. xxxvi, 876 pp. Illustrations. Plates. 8°.

Revised from work with same title published in 1888, by Charles G. W. Lock, Benjamin E. R. Newlands, and John A. R. Newlands, which in turn was a revision of "Sugar growing and refining . . . By Charles G. Warnford Lock . . . and G. W. Wigner & R. H. Harland," published in 1882.

Commercial Agent Joseph A. Nunez, Cardenas, Cuba, June 8, 1883.
Vol. 12, no. 40, Apr., 1884, pp. 272–274.

1884. Sugar refining at Cardenas.
Commercial Agent Joseph A. Nunez, Cardenas, Cuba, Feb. 22, 1884.
Vol. 12, no. 40, Apr., 1884, pp. 328–332.

1885. Beet-root and cane sugar in New Zealand.
Consul G. W. Griffin, Auckland, N. Z., Dec. 1, 1884.
Vol. 15, no. 49, Jan., 1885, pp. 173–182.

1885. Sugar and sugar mills in New Zealand and Fiji.
Consul G. W. Griffin, Auckland, N. Z., Nov. 30, 1884.
Vol. 15, no. 50, Feb., 1885, pp. 257–265.

1885. Sugar industry of Russia, 1883–'84.
Consul-General James V. R. Swann, St. Petersburg, May 12, 1885.
Vol. 16, no. 53, June, 1885, pp. 126–127.

1885. Chemnitz. Report on the production of beet sugar.
Consul George C. Tanner, Chemnitz, Saxony, Sept. 17, 1885.
Vol. 17, no. 57, Oct., 1885, pp. 175–178.

1886. Austria. Report on beet-root sugar.
Vice-Consul William Hüning, Prague, Bohemia, Feb. 6, 1886.
Vol. 19, no. 63, Apr., 1886, pp. 34–38.

1886. Production of sugar and rice in the Hawaiian Islands.
Consul-General J. H. Putnam, Honolulu, Nov. 12, 1885.
Vol. 20, no. 69, Oct., 1886, pp. 138–147.

1886. Sugar in Demerara.
Consul Philip Figyelmesy, Demerara, Feb. 20, 1886.
Vol. 20, no. 69, Oct., 1886, pp. 148–158.

1886. Muscovado sugar estates in Antigua.
Consul Chester E. Jackson, Antigua, Apr. 28, 1886.
Vol. 20, no. 69, Oct., 1886, pp. 158–161.

Digitized by Google

1886. Exports of sugar from Cuba.
Consul-General Ramon O. Williams, Havana, June 25, 1886.
Vol. 20, no. 69, Oct., 1886, pp. 164–167.

1886. Sugar exports from Cardenas to the United States.
Commercial Agent James M. Churchill, Cardenas, 1886.
Vol. 20, no. 69, Oct., 1886, pp. 167–168.

1886. Sugar bounties in Russia.
Consul Thomas E. Heenan, Odessa, Russia, Apr. 8, 1886.
Vol. 20, no. 69, Oct., 1886, pp. 168–170.

1886. Beet sugar in Denmark.
Consul Henry B. Ryder, Copenhagen, Mar. 25, 1886.
Vol. 20, no. 69, Oct., 1886, pp. 171–172.

1886. Sugar in Salvador.
Consul J. Maurice Duke, San Salvador, June 10, 1886.
Vol. 20, no. 71, Nov., 1886, pp. 393–395.

1886. Sugar industry of Germany.
Consul-General F. Raine, Berlin, Nov. 5, 1886.
Vol. 20, no. 72, Dec., 1886, pp. 431–434.
